

How can I love thee? Let me count the ways. I love thee to the depth and breadth and height
My soul can reach; when all around
thee to be deep as sea, wide as the
ve the world, as men are men,
my own dear self's center, and
lost, as I have loved thee, I love thee
choose, as I have loved thee, I love thee
annet's: Still I love thee, as I love thee
you art more lovely and more temperate
summer's lease hath all too short a date
when is his going, his complexion
's changing, his course unbarred, his
possession, that fair fallow, shall death
ternal line, to time grow st: So long
ves this, and this gives life to thee
